TO RUN-DOWN WOMEN

Detroit Woman Tells How To Regain

Detroit, Mich. "I was in such a run-down condition I had no ambition to do anything. I had a chronic cough and cold, and nothing seemed to give me any relief, and I was gradually getting worse until a friend advised me to try Vinol, which I did. After the first day or two it seemed to put new life into me, the tired, worn-out feeling began to disappear, I regained my appetite and was able to get a good night's rest. The cough gradually wore away, and I am now feeling like myself again, so that I Strength. gradually wore away, and I am now feeling like myself again, so that I can do all my housework and go about my duties as usual. Fire Caused by Children Playing with Matches-Death of Frederick Kenna -Borough May Be Coal Depot.

Children playing with matches was the cause of a fire in the John Hol-land house in Cutler street, Saturday afternoon, but timely discovery and prompt and well-directed action, sub-dued the flames before any great damage resulted. The sending in of the fire alarm created some excitement in the borough, and the fire apparatus was rushed to Cutler street in quick time, but the services of the firemen were not required.

Borough Coaling Depot.

Now there is talk to the effect that the New York, New Haven and Hart-ford Railroad company contemplates the utilization of its water front property in Stonington harbor, which is practically vacated. It was the for-mer terminal for a line of Sound steamers and is therefore an ideal location for the transfer of coal from vessels to trains as the tracks are already laid from the main line to the water front property. In addition long sidings have recently been built in Stonington extending from just east of the station to the roadway leading to Ledward's Island, which would be of assistance in the transportation of coal in the making up of trains with-out interfering with main line traffic Stonington Pointers.

Quite a number of railroad and steemboat men are residents of the borough; a sort of reminder of the days that used to be.

The new and increased rates of the physicians of Stonington, Mystic and Noank will be in effect February 1. The increase is about 50 per cent. There have been no town meetings in opposition to this increase in rates, due perhaps to the fact that the physicians' association is not in the public. cians' association is not in the public

House Known as Sheltering Arms Since 1878, Built by Thomas Leffingwell 4th About 1734-Briefs and Per

The house known as the Sheltering Arms since 1878, when it was bought by the United Workers from Miss Eliza P. Perkins, originally belonged to Thomas Leffingwell, 4th, a descendant of that Thomas Leffingwell who was one of the 35 original proprietors of Norwich. This Thomas Leffingwell was a fearless man, having come from Saybrook to the relief of Uncas and the Mohegans when, shut up in a fort, they were besieged by the Narragan-setts. Long afterward he was ensign of the train band in Norwich. The Sheltering Arms house was built about 1734, the exact date is not known, by Thomas Leffingwell, 4th. In 1783 Thomas Leffingwell deeded the

house to his only remaining son, Thomas Leffingwell, 5th. It passed to other heirs, including the Bilss heirs, until it came into the possession of Mrs. Gilbert Huntington, who sold it to Miss Eliza P. Perkins.

and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomache-sche, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it because it never falls to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "Californía Syrup of Figs," which has directions for bables, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeits sold hare so surely look and see that tile. Remember there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Friday evening at about 5 o'clock eseph Wheeler of the Otrobanda road, Norwich Town, who is employed in the picker room of the Admore Woolen company's mill here and who carries supplies from that room to other de-partments for finishing, was caught in the elevator shaft while running the elevator. He was able to stop the ele-vator between the weave room and the spinning room and his condition was immediately noticed. Means to extriimmediately noticed. Means to extricate him were taken and a hurried call was sent for the ambulance, which responded quickly. It was necessary to saw out a part of the elevator and pry the iron sides with a crowbar in order to let him down, as he was hanging by the feet, and it took about three-quarters of an hour. His leg was badly hurt above the ankle and six stitches were taken in it to close the wound. Otherwise he was not injured and it is thought that he will be out in a short time.

a short time. Weather Hard on Roads. The stretch of state road between Jones' store and Nawrocki's store has been in a fierce condition for travel during the past week. With the frost in the ground the intense heat acted on the tar filling so that it swelled and left ruts that no country road could equal. Saturday morning cartloads of sand were put in the ruts and it is thought travel will be easier over it.
